EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. This communication is an Examiner's reasons for allowance in response to amendment filed on February 01, 2005.

2. The following is the Examiner's statement of reasons for the indication of allowable subject matter:

a. After carefully reviewing the application in light of the prior art of record, the amended claims and additional search of all the possible areas relevant to the present application, a set of related prior art references has been found, but those prior art references are not deemed strong to make the application unpatentable. Thus, it is found that the application is now in condition for allowance.

b. Although the closest prior arts, Etizenberger (6,023,232) and Sridhar et al. (5,960,035) disclose several claimed limitations, none of the references teaches a plurality of operator consoles (i.e. keyboard, track ball, mic, speaker, head set, display device) which connected to a processor unit and have user interfaces for accessing applications and for data playback, and a central system controller having a priority management system which allocates to the individual operator consoles access rights with different degrees of priority to the applications (claims 1 and 10).

c. Claims 1-11 are allowable over the prior art of record.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Tan Nguyen, whose telephone number is (703) 305-9755. The examiner can normally be reached on Monday-Thursday from 5:30 AM-4:00 PM

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Black, can be reached on (703) 305-8233.

Any response to this action should be mailed to:
